Dear Shorman:

I am happy to say that the statement is entirely satisfactory to all concerned. May I remind you that we want to attach your complete curriculum vitae to the statement. We would also like to attach a list of your publications, if any.

I would appreciate your having the statement and the attachments reproduced in some form, either mimeograph or offset. You should make at least 100 copies. When this has been done, will you be good enough to sign one of the copies and send it to me together with ten more copies for our file. The original will be used for purposes of the record and I would appreciate having the copies at your earliest convenience.

With many thanks and best regards,

Sincerely yours,

Alexander Holtzman

P.S. I am enclosing copy of your statement with a few minor corrections.
